

Only teddy knows

My Teddy knows about the nightmares

And only teddy knows the darkest secret that took place at night

Only teddy knows and only teddy held
my hand!

Only teddy knows my painful tears that
I cried at night

And only teddy knows who made my
nightmares

Only teddies wipe my tears
Only teddy listen to my painful secret

Only teddy knows and only teddy held
my hand!

When I was hiding in the closet
hiding from the nightmares
teddy sat by my side and held my hand

Only teddy knows and only teddy held my hand!

Teddy is my life
He is my everything
And teddy is caring all my secret

Only teddy knows and only teddy held my hand!
